## Reach your full potential at ISIPCA

**ISIPCA** is the world leading Graduate School of the Greater Paris Chamber of Commerce and Industry dedicated to Fragrances, Cosmetics and Flavors, located in Versailles. It was created in 1970 by Jean-Jacques Guerlain, a descendant of the founder of the iconic Guerlain House.

The quality of the ISIPCA undergraduate, graduate and postgraduate programs is highly recognized by academics, professional bodies and companies.

Our new **MSc in Fragrance Expertise, specialized in Formulation and Applications**, will offer you the great opportunity to acquire first-rate knowledge and techniques which are required by the top recruiters around the world.

Our cutting-edge professional equipment allows our students to unleash their creativity and practice in the real environment of laboratories. Our faculty is composed of professionals who will share their high-level expertise.

A 6-month work placement will complete your postgraduate program and be the chance to sharpen your talent and know-how.

### **A program in cooperation with Université Côte d'Azur**

*Located in Nice and Grasse, the World's Capital of Perfume, Université Côte d'Azur aims to develop a new 21st-century model for French universities, based on new interactions between disciplines, a new form of coordination between research, teaching, and innovation, and strong partnerships with the private sector and local authorities. In January 2016, Université Côte d'Azur won a prestigious "IDEX" award from the French government for its UCAJEDI project, placing it among the top 10 world-class, comprehensive universities in France.*
